### **GOD CAN**

One time a fellow who was discouraged about some things that were happening, or not happening, as the case was, came to me with his situation. He told me, “I just can’t seem to get it together. I feel sort of like a yo-yo, up and down, up and down.” The fellow had grown up in the church family and he was home from college for the summer. I listened to him talk about his many challenges. I did not give him a sermon with three points. I didn’t give him any cliches or religious assignments. My words to him on that particular day were, “Welcome to the club!” A lot of us know about life on the yo-yo. There have been times when we too didn’t need a full-blown sermon. What we needed was a listening ear along with one or two Scriptures to think about and a prayer to get us over the hump or through the storm. God is bigger than we often think. Problems pressing in on us? God is bigger than we often think. Faith is only valuable when we activate our faith. God tells us what He will do and we need to believe it. Believe God’s promises and we like Moses will find out that our hopes and dreams do not have to die in the desert. We will find out that the worst of circumstances do not outweigh God’s love or power.
