EVERY MEMBER IS IMPORTANT

One little key can make the difference from being able to get into your house or office. One key lost or misplaced can keep us from getting from point A to B. The small key we keep in our pocket gives us access to our car, home, or office. Without that piece

of metal that goes into the doorknob we will have to wait for someone to bring a backup key. The little key is important. If you have a lawnmower and the little plastic center breaks on the rear wheel, it will render the machine unusable. We are talking about a little piece of plastic the size of a half dollar that probably costs less than that to make, but without it the mower is as useless as, well, a three-wheeled lawn mower. We don't think much about the little piece of plastic on the wheel before it breaks and then that's all we can think about. The bottom line is that without this fifty-cent piece of plastic, our mower is sidelined. It's impossible to mow with only three wheels. The absence of one tiny, seemingly insignificant part can hinder or cripple the entire machine. It's the same way in the Christian ministry. Every member is what to the whole body. I Corinthians 12:12 reminds us, "the body is a unit, though it is made up of many parts, and though all its parts are many, they form one body."
