THE FRUIT OF THE SPIRIT (6)

Kindness is a beautiful word and brings up pleasant memories to our minds. Kindness is defined by various words like friendly, considerate, and helpful. Kindness is one of those words that is best defined by acts of helpful service or by gracious words. There is nothing more beautiful than when we see kindness in action. The fruit of the Spirit “kindness” in the list of fruit of the Spirit in Galatians 5:22 is a fruit that fills the hearts of God’s successful servants. The fruit of kindness is based on what God has done for us, rather than on what other people do or do not do for us. Our sins have grieved the heart of God, yet, God out of His lovingkindness made us alive with Christ (Ephesians 2:5). We need no other reason to fill our hearts with kindness than the fact, God has been remarkably kind to us. The Ephesian letter brings up the idea of what it is like to be under God’s wrath and separated from God (Ephesians 2:3). We should have no difficulty in understanding what it means to be under God’s wrath. We can only imagine what it was like for those who refused to believe God’s message through Noah when the flood waters covered the earth. Thank God for His kindness towards us that moved us from the lost column to the saved column.
