BACK TO THE BASICS

Hebrews Chapter 11 has to be the highlight of any study on faith. One of the most profound questions anyone could ask is, “Does God exist?” Hebrews 11:1-3, “Now faith is being sure of what we hope for and certain of what we do not see. This is what the ancients were commended for. By faith we understand that the universe was formed at God's command, so that what is seen was not made out of what was visible.” Faith summons us to address the relation of the Creator with the creation. Like no other place in the Scripture, Hebrew the 11th chapter shows us the importance of getting back to the basics. All the people whose names are listed in chapter 11 could not change their circumstances, or predict the consequences, but they placed their faith in God. The basic element to successful spiritual living is putting our “faith in God” (Mark 11:22). The Christian life begins with faith and faithful Christians will continue to walk by faith. True faith is obeying God in spite of our feelings, circumstances, or the consequences. The faith and joy that springs from life with God begins on this side of Glory. Faith is the key that allows us to live with spiritual victory when we encounter temptation, loneliness, financial pressure, or any other problem. Faith in God ignites the power of God into our life so we can live a faith-filled life.
